

BOLSHEVIK FLEE IN DISORDERLY PANIC BEFORE THE POLES

Soviet Troops Are Abandoning Brest Litovsk

WARSAW, August 19.—(By the Associated Press.)—The day-eighth and eighth Bolshevik divisions on the Warsaw front have been annihilated and thousands of Soviet soldiers made prisoners. Tonight's official statement said.

WARSAW, August 18.—(By the Associated Press.)—(11 p. m.)—Russian Soviet forces are evacuating Brest-Litovsk, the strongly fortified town on the Bug river, 120 miles east of Warsaw, according to advices received here tonight.

WARSAW, August 18.—(By the Associated Press.)—Soviet prisoners are pouring into Warsaw in such numbers that it is becoming a problem how to care for them.

WARSAW, August 18.—(11 p. m.)—(By the Associated Press.)—Russian Soviet forces are fleeing in a disorderly panic along the front between the Vistula and Bug rivers, where the Poles are advancing with success, says an official statement issued here tonight.

In their retreat attempt to relieve Bolshevik pressure upon Warsaw, the Poles are using tanks, airplanes, and armored trains in great numbers.

At Novo Minsk, east of here, and Serok, to the northeast, 3,000 prisoners, seven cannon, hundreds of wagons and vast quantities of supplies have been captured from the Bolsheviks, the statement declares.

The Bolshevik retreat north and east of Warsaw, where the Soviet forces were closely driven by the Poles, took the semblance of a rout at some places, the communistic reports. On the extreme left, of the Polish line, however, and in the region of Lemberg, Soviet advances are recorded.

Southwest of Warsaw the Russian troops, who met resistance at Mlawa, where they had designed to cross the Vistula, bombarded Wladawek for hours, the shells damaging the cathedral and the bishop's palace.

WARSAW, August 18.—(By the Associated Press.)—Polish successes on all fronts, with the exception of the southern battle sector where the Russian Soviet forces are advancing in the direction of Lemberg, are reported in the official statement on fighting operations issued tonight.

LONDON, August 19.—Fierce fighting is continuing in the region of Warsaw and Novo Gorkovsk, the strong fortress about 19 miles northwest of Warsaw, at the confluence of the Vistula and Bug rivers according to Wednesday's official statement issued today by the Soviet government at Moscow.

In the Crimean sector engagements are going on with indecisive results, the statement says.

LONDON, August 19.—The Russo-Polish peace negotiations at Minsk were not continued Wednesday, as agreed, owing to the fault of the Polish delegation, according to a message dispatched from Moscow Wednesday by George Tchitcherine, Soviet foreign minister, to Leo Kanner, the Soviet representative in London.

BERLIN, August 19.—(By the Associated Press.)—The Poles are advancing on Graudenz, West Prussia in full force according to a special dispatch in the Vossische Zeitung today.

On the left wing strong Polish cavalry units are moving against them from the south where the Russians are expected to cross the Vistula. Heavy fighting between the Poles and Russians is reported before Gorkovsk.

INDIANAPOLIS, IND., August 19.—Strikes by day men in a number of mines of the Indiana coal fields today resulted in the closing of several shafts. The strikes followed the failure of the wage scale conference of miners and operators at Cleveland, Ohio, to reach an agreement on wages asked by the day men.

Reports received at headquarters of the Indiana Bituminous Coal Operators' Association at Terre Haute showed that 63 mines were idle throughout the state.

Bergdoll Gets Four Years In Penitentiary

NEW YORK, August 19.—Erwin R. Bergdoll, of Philadelphia, has been found guilty of desertion from the army by evading the draft and sentenced to four years hard labor at Fort Leavenworth. It was announced today at Governors' Island.

Bergdoll was also given dishonorable discharge from the army and forfeited all pay and allowances.

Bergdoll received his sentence calmly. It was stated at the island, and made no comment. He will be taken to Fort Leavenworth within a few days under a heavy guard, army authorities said.

Erwin and his brother Grover Cleveland Bergdoll were known as the "millionaire draft dodgers." Grover is still at liberty following his escape from guards after he had started serving his sentence, and was permitted to go to his home in Philadelphia.

Amnesty For The Rebels In Lower Calif.

MEXICALI, August 19.—Details of the agreement which brought to a peaceful end the movement of Governor Estelban Canto of the northern district of Lower California against the central government of Mexico, were made public here today.

Under the agreement all contracts of the Canto administration are considered as sanctioned by the government, and all Canto employees are relieved of responsibility in connection with them. Other stipulations including retention of certain Canto employees; resignation of Canto in a "dignified manner"; granting to Canto soldiers the choice of remaining in the territorial service or enlistment in the federal forces; nomination and acceptance of General Luis M. Salazar as governor; guarantee of freedom from all political persecution to all inhabitants of the district; and amnesty to all persons who participated in what the Central Mexican government classed as "rebellion."

Signature to the agreement yesterday by Governor Canto and General Salazar ended difficulties which began about the time of the overthrow of the government of the late President Carranza.

Nightly Face Turk Bullets And Famine

CONSTANTINOPLE, August 18.—(By the Associated Press.)—Showers of Turkish bullets and famine, lightening American workers of the American consular for relief in the Near East have been besieged in Adana, Asia Minor, since June 6. The French troops holding Adana have fought their way to Mersina, the nearest port and have returned with heavy losses.

A flour cargo of the American relief commission for beleaguered Adana is waiting at Mersina. The railway has been demolished and supplies can reach Adana only by motor trucks, heavily convoyed, with great loss of life through the sixty mile stretch controlled by the followers of Mustapha Kemal Pasha, the Turkish nationalist leader, who are determined to starve out the French in Adana.

The siege of the city was described to the correspondent by Webster Anderson, of Cranfordville, Indiana, who has arrived in Constantinople after escaping from Adana on August 7, and walking southeast to the Mediterranean.

The Turks encircling Adana have little artillery, according to Anderson, and consequently make raids chiefly at night when the entire town is raked. Thus far the Americans have not been injured, but their belongings have been peppered, and they have not been able to leave the compounds at night.

The French artillery in Adana kills many Turks and affords cover for the troops which make frequent sallies into the surrounding farms and vineyards for food. The Americans are maintaining soup kitchens and work shops for 10,000 Armenian refugees. All but 200 of the orphans of Adana have been sent to Cyprus.

PROBE OF SUFFRAGE FIGHT IS ORDERED

NASHVILLE, TENN., August 19.—Judge Debow, charged the grand jury in the Davidson county criminal court today on the subject of efforts to improperly influence or corrupt the law-making power of the state and laid special emphasis on the fight for the federal suffrage amendment by the Tennessee legislature.

Judge Debow's charge followed publication by the Nashville Tennessean and the Nashville Banner of two affidavits in which allegations were made that undue influence had been brought to bear on one member of the house who first voted to table the ratification resolution, and later voted for the adoption of the resolution. A single vote decided the issue in favor of suffrage.

NASHVILLE, TENN., Aug. 19.—The Tennessee house adjourned at noon today to discuss the suffrage amendment. An effort being made to have it reconsider its action of yesterday in ratifying the federal suffrage amendment.

RALEIGH, N. C., August 19.—The federal suffrage amendment was defeated by the North Carolina house of representatives today by a vote of 71 to 41.

NASHVILLE, TENN., August 19.—Announcement that opponents of woman suffrage would hold a mass meeting tonight, to discuss steps "to save the south from the Susan B. Anthony amendment and federal suffrage force bills," was taken as an indication that Speaker Walker would not attempt to day to force reconsideration of the action, of the Tennessee house yesterday in ratifying the nineteenth amendment.

Senator Oscar Underwood, of Alabama, and former Governor Pleasant of Louisiana, have been invited to address the mass meeting.

France In Accord With America's Views

WASHINGTON, Aug. 19.—Informed of the French government's views on the Russo-Polish situation, the state department today was awaiting a formal reply from Italy to the note recently sent to the Italian ambassador regarding the future of Russia and Poland. The French rejoinder, which was made public yesterday, shows Secretary Colby declared that France is "in entire agreement with the principles set forth in the American note."

An informal reply to the note already has been received from the Italian government. Secretary Colby announced, with the promise that a complete and formal reply would be made soon.

Secretary Colby said the declaration of France of its opposition to its dismemberment of Russia was "most gratifying."

The French note condemned the Bolshevik intentions similar to those used in the American note to Italy. France, the rejoinder stated, is in "complete accord" with the United States as to "the necessity for an independent Polish state." The French note was interpreted as indicating France's opposition to negotiations with the Bolsheviks such as has been proposed by Great Britain.

Cox In Chicago

CHICAGO, August 19.—Governor James M. Cox stopped three hours in Chicago this morning on his way to South Bend, where he will speak this afternoon. The governor was met at the station by members of the Illinois Club and George Brennan and Francis Egan, Illinois Democratic leaders.

The Nation's Prosperity Involved

SOUTH BEND, IND., Aug. 19.—National and international financial and economic readjustment, as well as the high cost of living, are bound up in the success of the League of Nations, Governor Cox, Democratic presidential candidate, declared here today in addressing a large public gathering.

"Our safety, our economic readjustment and our prosperity, all are involved in America's making the league a world force," Governor Cox asserted, charging the Republican "seminar all-garby" with responsibility for delay in economic progress and belated reduction of living costs.

The Democratic candidate came here today from Columbus, via Chicago, and will speak tonight at the Indiana Democratic editor's banquet here.

"The position of the Democracy is definite and affirmative," said Governor Cox, charging "the reactionary Republican leaders" with being "evasive, ambiguous and hypocritical."

Pledges To Join League
"With the least possible delay after March fourth, 1921, our pledge is to enter the league, unmaking, such additions as are reassuring and helpful," he continued. "This will legally end the war; it will help to re-establish credits. A call will be made upon our mineral wealth and our productive skill. We will have the ships to sail every sea; the supply of life's essentials will be equal to the demand; living costs will be reduced. What we would otherwise be spending for guns and powder and ships, will be applied to our war debt, and above all, we will be happy in the consciousness that we are practically impossible."

Opposition Offers Long Delay
"The opposition offers at the very least, a prolonged delay. What project it has as that substitute for the League of Nations, no one knows, or at least no one has ever attempted to describe it, or to name it."

"The question of the League of Nations therefore becomes increasingly the issue in this campaign for the very reason that it involves our safety, our economic readjustment and our prosperity. The air is clearing; the smoke-screen of hypocrisy thrown out by the senatorial oligarchy has been pierced, and every day between now and November will witness the gradual retreat of the forces of reaction. The tide of moral thought is flowing against them. There isn't enough money in the world to stop it, and the result, which I confidently predict, will not only be a great help to the impaired agencies of mankind but it will carry a lesson that political leaders, present and future, will have little trouble in understanding."

Reiterates Charges of Reaction
Reiterating his charge of "reaction" against the Republican leaders, Governor Cox added:

"If they should follow their own steps backward, and they are so used to moving in that direction that they would not need a compass—they would find that every condition against which they insist is of their own creation. They discuss the high cost of living without apparently realizing that in a large measure they are responsible for the related settling down of conditions which have continued the high living cost. The demand for foodstuffs has exceeded the supply. Europe has been compelled to buy because she is not producing, and production in America has not moved back into its stride because of the war."

THEATRE OWNERS PROTEST TO COUNCIL ABOUT LICENSE FEE; SEWER CONTROVERSY UNSETTLED

Council passed considerable legislation at its meeting Wednesday night and considered much other business which came up for action at the rather lengthy session.

The inadequacy of the Mabert Road sewer, the work on which has been halted by reason of a recent finding of the State Health department, was the big problem with which council wrestled. The use of the sewer for sanitary purposes having been forbidden, has created a serious situation in that vicinity and a storm of protests from citizens living near Galla and Mabert Road, where the sewer now terminates, on account of the objectionable discharge from the sewer.

Supt. Frank Appel, of the public schools, urged council to take some action to take care of the sewage from the Garfield school building in order to prevent a tie-up of the opening of that school next month.

Favor Extending The Big Sewer

Service Director Gergens suggested that the sewer be extended to the railroad undercrossing, saying that he had secured the consent of a land owner to cross his premises, which will permit the construction of the sewer without touching N. & W. property.

Member Bennett demanded to know who was the "daddy" of the sewer, and objected to spending any more money on the project, declaring that the advice of the state health authorities should be followed. After quite a discussion, during which it was pointed out that the improvement was started by the preceding administration and that the appropriation was made on the representations of Sam G. Harper, then city engineer, that the approval of the state health department to the plans would be secured before the actual work started, led to the matter being referred to the street committee, service director and engineer for a recommendation.

Theatre Owners Enter Protest

Fred N. Tynes, acting as spokesman for a committee from the picture theatre owners of the city, protested against the ordinance recently passed providing for big increases in license fees for motion picture theatres. He declared that the new schedule of fees established is excessive and not in keeping with the schedules in cities of similar size and that they were entitled to an ordinance along more equitable lines.

In explanation, Solicitor Skelton stated that the ordinance passed here carried with it the same schedule of fees as charged by Cincinnati, and the ordinance was referred back to the Ordinance Committee for reconsideration.

As it is considered impossible to make permanent improvements to the streets in the North Moreland addition, and other territory annexed above New Boston, this year, by reason of the time that would be lost in making the preliminary steps, council ordered the engineer to bring in estimates on the cost of temporary improvements of thoroughfares in that district, so as to take care of the traffic during the coming winter.

On the recommendation of the engineer, legislation was ordered providing for an appropriation of \$200 to cover the cost of clearing the channel of Lawson's Run of all obstructions, in an effort to give the citizens living along this water course some relief from the bad sanitary conditions surrounding it.

Mr. Bennett has a Kick On Plan. Although assurances were given that the electrical inspector and motor cop would pay their own salaries by increased revenues when their positions were created, Member Bennett declared that the motor cop had not made an arrest since he was put on the city pay roll, and that the electrical inspector was planning to engage in a private business. He advocated abolishing both positions, and his "kick" was referred to the Safety Director for a report.

After some discussion it was decided that the estimate of \$12,000 for improving the lower river grade was a little too steep and it was referred

Anderson-Newcomb Employees Enjoy Outing

HUNTINGTON, Aug. 18.—More than 100 employees of the Anderson-Newcomb company attended the fifth annual outing held at Camden Park yesterday. The store closed at 2:45 and the picnic party was taken to the park in special street cars at 3 o'clock.

A ball game will be the feature of the afternoon. The program included a tug-of-war, foot races for both heavy and lightweights, a ball-throwing contest, potato races and a greasy pig race.

There were no talks or any business transacted their annual outing being given over to a regular good time. All amusements were free to members of the company.

A supper furnished by the firm was served at 5:30 by the ladies of the First M. E. church.

Wants Light In Clock To Burn

Member Waghorn called attention to the action of The Portsmouth Street Railway & Light Company turning off the lights on the clock of St. Mary's church, and inquired if the city could pay for the current, which, he said, would amount to about \$100 a year. While the time-piece is recognized as a public clock, yet it is not owned by the city, and according to a recent ruling of a state examiner, Solicitor Skelton advised, the city can not pay for the lights, which have been furnished for many years gratis in connection with the city's lighting contract.

Waghorn's colleagues promised to contribute to a popular subscription to raise funds to keep the lights burning and the First Ward member indicated that he expects to circulate such a petition at once.

At the instance of Member Osborn, the solicitor was instructed to investigate whether a fund can be legally provided from which city employees can be supplied with street car fare. He declared it would result in money saved to the city.

Good Issue Is Authorized

A bond issue of \$9,000 was authorized to provide funds to buy a nurse's home, the ordinance increasing the interest from 3 1/2 to 6 per cent by reason that no bidder was found for the bonds at the lower rate.

Two resolutions were adopted authorizing the issuance of certificates of indebtedness for \$12,000 for the water works extension fund and \$200 for the safety fund and another providing for the paving of Cole Alley.

Other legislation passed included ordinances appropriating money to settle the claims of Charles Brash and others, aggregating \$356.97 for damages sustained when Brash's automobile collided with a fire truck at Ninth and Washington streets on Nov. 16, 1918, and \$500 to defray miscellaneous expenses in the trial of the McGowan law suit. The \$1,200 allowed to cover the expense of taking depositions in the case was turned back into the city treasury as it was not used.

ing become the aggressors against Russia though there is also an inclination to blame France for encouraging the Poles to attack the Russians. The American government is maintaining a neutral attitude so far as possible as between France and the British but there is no doubt that had America been a member of the League and been able to speak her opinions in the council of the League, the United States would have to a large extent shared the views of the British and compelled a common declaration of policy.

Excuses Keep Soviet in Power
The recognition of the Soviet is opposed because of the declaration of its leaders in favor of carrying on a war of the proletariat in all countries outside of Russia but at the same time it is the prevalent view here that the Bolsheviks have been kept in power through excuses of external aggression perpetuated by Poland or supposedly Russian anti-Bolshevik factions receiving money or arms from Japan or France or Britain. Poland is held guilty of having violated Article Ten and there is a conviction here that she never would have dared to do so had the League of Nations held the moral influence of the United States because Poland in her anxiety to get help and sympathy in founding her new republic would have listened to words of warning from the larger powers who really gave her independence and at the same time negotiations would have been under way for the common protection of the first communist revolution against aggression from Bolshevik Russia.

cause things economically are disintegrated, not only here, but everywhere. Exchange would have been stabilized. "If the League of Nations had been ratified months ago, exchange would have been stabilized. Europe could have started its work of rehabilitation; its countries would not have made a drain upon our food supplies. In fact, Europe would be buying the things which we can spare. The result of this would be self-evident. War taxes which should have been modified or repealed when the war was over, were not touched, and the Republican oligarchy in the senate is directly responsible."

Senator Penrose, of Pennsylvania, Governor Cox declared, was instrumental in preventing reduction of war taxes "on the theory that the people would blame the executive rather than the congressional administration for failure to abolish burdensome taxation."

Armament Race Causes Debt
Much of the national debt of all countries, Governor Cox said, was caused by the race in armament, adding: "If the world does not proceed to arm itself to the teeth, if the cost of armament is diverted to the payment of interest and sinking fund on the bonded debt, then there is more than a hope that civilization can work its way out to a sound footing financially and economically. If this is not done, then no one knows what will happen."

"In the face of these things it is hard to believe that the senatorial oligarchy continues its opposition to the League for conscientious reasons."

Court House

Charges Unfaithfulness
Alleging infidelity and desertion and naming one Kate Harrison as correspondent, Mollie Oliver, 228 Union street, seeks a divorce from John H. Oliver in an action instituted in common pleas court Thursday.

They were married August 3, 1915, and in her bill of complaint the plaintiff charges that Oliver abandoned her on April 5, 1920, for the association of other women. In addition to a divorce she asks that Oliver be divested of all interest in the property on Union street owned by them jointly. She sued through Attorneys Blair & Blair.

Suit in Ejectment
Charles Wertz and others are seeking to recover possession of real estate consisting of a house and lot in Bell addition, besides \$25.00 damages in a suit filed in common pleas court Thursday through Attorneys Blair & Blair, to eject Elks and Ernest Cook from the premises in question.

Brothers Released From Custody
Robert Carter and James Carter, recently bound over to the United States grand jury under \$10,000 bond each from Squire William McManis' court on charges of violating the prohibition laws, were released from custody Thursday, when a brother, Edward Carter, of Russell, Ky., came to their aid and furnished bail.

The accused men were taken into custody several days ago when Sheriff E. E. Ricker aided by other officers swooped down on their illicit liquor making plant in the hills in the Pond Creek vicinity. The officers seized a complete outfit for the manufacture of moonshine whiskey, in addition to a large quantity of material used in the process of manufacturing liquor.

Science Suspended
Norm Adams, a woman hailing from Paducah, Ky., was convicted in probate court Wednesday of a charge of abandoning her two children, and Judge Williams ordered her sent to the state prison for women at Marysville, but suspended the sentence and released her from custody on condition that she go back to her home in Kentucky within five days.

The woman was taken into custody at Star Yard because of her persisting in molesting her two children, little girls, aged 12 and 8 years, who are being cared for by their aunt, sister of the mother.

Motion For New Trial Dismissed
Motion for a new trial in the case of Virgil Merriam against John Daugherty, by consent of the court, on the application of the defendant, has been dismissed, according to an entry filed in the office of the clerk of courts Thursday.

Merriam sued on a claim for labor, and on the trial of the case the jury found in his favor in the sum of \$55.35.

Indians And Lumbermen. Promised Relief By Harding

MARION, O., Aug. 19.—Policies to make the nation self-reliant in materials as well as governmental affairs were advocated by Senator Harding today in two short speeches yesterday.

The Republican nominee spoke first to a group of American Indians, who brought to him a plea for extension of their racial rights. He replied that the United States might do well to bestow democracy and humanity and justice on the continent's native race rather than to "waste" American lives

trying to make sure of that bestowal thousands of miles across the sea.

The second address was delivered to the local lumbermen's association, and was a plea for forest conservation policy that would insure a further supply of lumber to meet domestic needs and thus raise the standard of American housing conditions. The government, he said, should turn its attention to cultivation of forest crops just as it has concentrated itself in the past with the growing of food.

Many Will Attend Funeral Of Chapman

CLEVELAND, O., August 19.—Many persons prominent in the baseball world, are coming here to attend the funeral of Ray Chapman, which will be held tomorrow morning in St. Philomena's Catholic Church, East Cleveland. Among them is H. H. Johnson, president of the American League, who will receive from Manager Tris Speaker, of the Cleveland team, a report of the accident which resulted in Chapman's death in New York Tuesday morning.

Tomorrow's scheduled game between Boston and Cleveland has been postponed and a double-header arranged for Monday. It is contemplated having the entire Cleveland team attend the funeral of their dead companion.

At the request of the family the body will not lie in state.

Early today approximately 15,000 admirers of the dead ball player had donated ten cents each toward the "flower from a fan" fund. A certain amount of this will be used for flowers and the remainder turned over to a committee appointed by Mayor Fitzgerald to raise a fund for a memorial for Chapman at League Park.

Only One American Qualified

ANTWERP, August 19.—(By the Associated Press)—Only one American, Fred W. Fatter, of the Dorchester Club, qualified in the two farcical semi-final heats of the 10,000-meter Olympic run here.

Another American entrant, Apantson of the Haskell Institute, Kansas, a 2nd Indian, found the pace too hot and dropped out in the twentieth lap of the first heat.

J. Wilson, of England, and Guillermo, of France, were the stars in their respective heats with the Frenchman winning his heat close to a minute faster than Wilson's time. The races were run in an unusual drizzle.

Wilson jumped the field in the first lap of his heat and soon opened up a lead of half a lap. Apantson found the going hard on the heavy track and dropped out of the race in the twentieth lap after having been lapped by Wilson in the eighteenth.

Held For Theft Of Securities

TOLEDO, O., August 19.—John C. Norman, who is said to be a son of former Judge James S. Norman, Chicago banker and old man, is under arrest here charged with theft of \$5,000 worth of negotiable securities from a Chicago bond house where he was employed. He was caught in the neighborhood of the post office when Pearl Yarnell, 10 years old whom Norman is said to have married, called for mail.

Norman, the police say, is also wanted in St. Louis for obtaining \$5,000 on a bogus cashier's check, and also is said to have fraudulently obtained \$250 from William F. McCombs, in New York.

Norman is said to formerly have attended the Annapolis Naval Academy. The girl was not locked up.

ALLEGED EGG THROWERS DISMISSED

Eljah "Dick" Smith and Arthur Hicks, front street young men, arrested on charges of disorderly conduct in connection with the breaking up of a religious meeting at Front and Waller streets Monday night by alleged tossing "over-ripe" eggs into the congregation, were exonerated at their hearing in Municipal court Wednesday. Judge Small dismissing the complaints for lack of evidence.

More than a score of witnesses, members of the religious sect present at the meeting, were called upon to testify but none of them were able to say that the accused young men hurled the "hen fruit" or that they were disorderly, although one did state that Smith

knocked down a man named Dan Masello when the latter started on a rampage and declared he could whip the egg throwers.

In dismissing the complaints Judge Small took occasion to apprise William Bailey, Sam Kelley and other leaders of the religious sect, of the frequent complaints of disorders attending their meetings and admonished them that if they desired to avoid trouble to keep their meetings out of the public streets.

"You have recognized rights to pursue your worship and no one desires to deprive you of that right, but you must realize that such meetings held on street corners almost every night is annoying and distasteful to the citizens living in the vicinity," said the court. "and it is my advice that you refrain in the future from holding your meetings in the public streets and if you wish to hold services on the outside seek the permission of city officials for the use of the parks for such purpose."

Canter Is Fined For Hitting Mrs. Mary Zornes

Warren Canter, hawker at the Interstate barn, was found guilty of a charge of assault and battery upon Mrs. Mary Zornes, 431 Fifth street, at his hearing in Municipal court Wednesday and Judge Small taxed him the costs.

The evidence adduced at the hearing showed that Canter struck the woman

and used her roughly because she resisted his efforts to put her out of the barn and prevent her from getting a bucket of water. The trouble occurred on August 6. After hearing the evidence the court held that they were equally guilty of bringing on the conflict, but disapproved of Canter's conduct in striking the woman.

Girl Victim Better

Miss Ethel McDonald, the 14-year-old daughter of Mrs. J. F. McDonald, who was accidentally shot in the right side of the face Tuesday evening, while camping with a party of friends along the Ohio river, was reported to have spent a restful night.

Miss McDonald and her mother were with a party of friends who were traveling from Parkersburg, W. Va., to

Cincinnati, via motor boat. The bullet was a .22 caliber and was shot from a revolver, handled carefully by one of the men of the party. The girl has not yet consented to having the bullet, which is still lodged in her cheek, removed, according to Dr. W. E. Gault, who is attending her. The wound is not expected to disfigure her face.

Court To Call In Witnesses

Mrs. Maggie Thompson of Plum street, appeared in Municipal court Wednesday and pleaded not guilty to a charge of assault and battery upon

Mrs. Laura M. Musser, 2320 Ninth street, who filed the complaint. The accused was released on her own recognizance until both sides can bring their witnesses into court.

Guilty Of Assault; Fined

Albert Barklow, steelworker, 1020 Grandview avenue, was convicted in Municipal court Wednesday on a charge of assault and battery upon his wife, Mary Barklow, and Judge Small assessed a fine of \$10 and costs against him.

The evidence disclosed that Barklow

and his son, John Barklow, became involved in a quarrel at the supper table last Saturday, which led to blows. Mrs. Barklow took a hand in the proceedings and sought to separate them, and it was then that the husband turned on her and hit her several blows, he admitted, but claimed that he did not hurt her.

AWNING FIRE ON CHILlicothe STREET

A lighted cigarette stub dropped from an office window in the Masonic Temple, fell on the awning of the Dragdon Dry Goods store, starting a

OHIOAN ESCAPES TORTURE BY TIMELY DISCOVERY

Lon Tucker, Steubenville, Gains Speedy Relief From Sufferings by Taking Reese Formula R-11, the Great Stomach, Liver and Kidney Tonic.

Timely discovery of Reese Formula R-11 enabled Lon Tucker, 330 North Street, Steubenville, Ohio, to escape further sufferings from stomach trouble, indigestion, pains about the heart, and extreme nervousness night and day.

Mr. Tucker, who is a member of the Loyal Order of Moose and Junior Order of American Mechanics, writes: "It was impossible for me to eat regularly when I read a testimonial telling of Reese Formula R-11. I was very near 'fall in' and had no strength or energy to speak of. Life seemed a burden both night and day. I could get no restful sleep and would awaken from the most horrible and frightful dreams.

"I could not sit through a show, as sitting seemed to aggravate the pains around my heart and stomach. "Absolute relief came to me after taking the fifth dose of Reese Formula R-11, and from then on to the present time I have had decided relief every day. My whole life seems brighter and now worth living, while before it was simply a drag on my wife and

family. I am only too glad to tell sufferers of the wonderful good one bottle of Reese Formula R-11 has done for me."

The Reese Formula R-11 means quick and positive relief for indigestion, nervousness, rheumatism, headache, stomach and kidney trouble, dizziness, female weaknesses, urinary trouble and sleeplessness.

For information about your ailments, write our Medical Adviser, care of The Reese Formula Company, Huntington, W. Va.

MISS DOLLY WISE

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—This is the first time I have come to you for advice and I hope you will help me. I have a brown streak under my nose. It has been there for four years, and I don't know what caused it. I have used lemon juice and it doesn't help it at all. It looks awful bad at times, and I will thank you very much if you will tell me something that will prevent it. Everybody teases me about it. Please give me good advice.

A WORRIED GIRL.
You ought to be glad it isn't a yellow streak. I do not know how you can get rid of it, but you will make it less noticeable by putting cold cream and powder on it. Peroxide might bleach it a little. Have you asked a physician what caused it?

Dear Dolly—Not very long ago I met a girl whose name was Pleasant. Did you ever hear of that name before? Also tell me if you think it is pretty?

REMARKABLE RECOVERY

Due to Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not get to sleep. I suffered some thing terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me.—Mrs. MARGARET DANE, 743 N. 26th Street, Philadelphia, Pa.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved many suffering women.

MRS. LUCY DOUCETTE, of Manchester, N. H., who says she's just so happy over the way Tauline restored her health she can't keep from telling people about it.

I am just so happy over the way Tauline has restored my health that I can't keep from telling people about it," said Mrs. Lucy Doucette, of 70 Stark street, Manchester, New Hampshire, a few weeks ago. "I suffered so long with chronic indigestion that I didn't know what it was to sit down and enjoy a single meal. My stomach was so badly disordered I had to live on the strictest diet, and nothing seemed to agree with me. At times my breath seemed to be cut off, and I would suffer terribly for hours at a time."

"I lost my strength completely and became so weak and run-down I would give out several times during the day and would have to stop and rest. I was extremely nervous and irritable, and just felt like I would break down completely."

"One day I saw a statement from a friend of mine who said Tauline had helped her wonderfully, so I was convinced it was a dependable medicine and I began taking it immediately, and I am more than pleased at the splendid results. My appetite improved right from the first, and the horrible indigestion from which I suffered so long has entirely disappeared."

"I have now finished my fourth bottle, and can eat just anything I wish without any bad after-effects. I sleep better and have more strength and energy. It is a pleasure to tell others what Tauline has done in my case."

Tauline is sold in Portsmouth by the Fisher & Smith Pharmacy and the leading druggists in every town.

Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds," declares Mrs. Annie Whitmore, of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

Thedford's BLACK-DRAUGHT

has been found a valuable liver medicine in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europa, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

YOUR OPPORTUNITY

Learn Bookkeeping, Stenography, Practical Commercial Systems

Even If You Work All Day—You Can Study at Night

The fact that you are working during the daytime does not prevent your obtaining a commercial education. Hundreds of graduates from our night school have made good in the business world.

Learning bookkeeping, shorthand, and typewriting is not a long hard task, but an interesting, pleasant study, with our teachers who are interested in the students, and our methods that make everything plain and easy to remember.

Come in and let us explain our plan of teaching, and building business ability even though the student has only spare time in which to study.

Our Fall term, for Night School, begins September eighth. The sessions of the school are held every Monday, Wednesday and Friday from seven until nine. Just two hours, three times a week, and you get a business education.

Never has the demand for young men and women who have commercial training been so great, nor the call of the business man for men and women who CAN do the work, been so insistent. We are in a position to talk with authority for we have been in touch with the business men for thirty-four years, supplying them with stenographers and bookkeepers.

And the fact that they come to us to fill their needs pleases us and tells us that our system is right. The business man in the Ohio Valley has found that he can rely on Portsmouth College of Business graduates to do the work he requires.

When our students enter the office they find nothing new or strange to them except the people who are there. At once they use all the up-to-date systems and machines that make the modern office efficient.

The Dictaphone, the Mimeograph, the Adding Machine, the Typewriter—these are mysteries for our students. They learn how to use them by USING them. And this is what the business man wants. This is why P. C. B. graduates get the preference.

Our graduates can go into any office, and work with graduates from any business school, and our instruction will not suffer by comparison. We have confidence in our pupils and they have confidence in themselves—that confidence which is bred by knowledge. When one knows he needs not be afraid of himself. He can make good.

Our policy is a policy of helpfulness. We do everything we can to make the student's time at school pleasant and profitable. This help makes business easier and progress more rapid.

And our help extends even further than school; the cost of two pupils finds that we know where room and board may be secured at the most rea-

Our Courses of Studies

Business course embracing bookkeeping, commercial law, commercial arithmetic, rapid calculation, spelling, penmanship, business forms, adding machine practice and typewriting.

Stenographic course embracing shorthand, typewriting, business English, letter writing, adding machine practice, spelling, penmanship, dictaphone practice and actual office practice.

Secretarial course embracing stenographic course and a short course in bookkeeping.

Any of the above courses may be combined into a course. Sixty percent of our students take a combination of courses. Tuition rates will be supplied upon application.

reasonable rates and where he may work before and after school hours, if necessary.

And the biggest help of all comes upon graduation. Here we use all of our influence to place our graduates in positions where they are most fitted to serve. We have opportunities for students along all lines of business. The business man knows us and wants our graduates. And the supply is not exceeded by the demand. We are able to guarantee that EVERY ONE of our graduates will be placed in a good position at the end of the course. And these positions offer unlimited chances for advancement.

We, at Portsmouth College of Business, take such an interest in the student, because we are all interested in the school. The teachers at the school are its stockholders. They are not merely paid instructors, the school is their business. They are wholly interested in the success of the College, and when our pupils make good, then the school succeeds. And our pupils do make good.

The Fall term for 1920 begins September seventh; there are only three weeks more in which to register, if you would be in time for the opening. We started right on the first day of school. Now is the time to begin. There is no reason for delay. If you will write or call us we will be glad to send you our literature and some stories of our successful graduates. You may know some of them and like to read about what they have done since leaving school. Just ask them what they think of our methods.

Try representative Mr. Wesley Carson is ready to explain all about P. C. B. to you at any time which is convenient with you. He will tell you about the course we offer, and the cost. Then you will understand why money invested in a Commercial Education pays good dividends. Let us explain P. C. B. to you.

Our Thirty-Fifth Successful Term Begins Sept. 7th.

For thirty-four years we have been teaching young men and women of the Ohio Valley how to do the work that the business world has for them to do. We have taught them thoroughly; the business men have been satisfied with our graduates, and the graduates have been contented in their occupations.

A business education is a stepping stone to better things, and many of our graduates have gone higher after they accepted their first position as stenographers or bookkeepers. After one gets the education, the advancement is waiting, and the rest depends on him.

Come in and let us tell you how a few months spent in profitable study NOW, can place you on the road to advancement, and a good position.

The Fall term begins on Tuesday, September seventh, session five days each week, morning and afternoon, hours 9 to 11:30, and 1 to 3:30.

JACK LONDON'S MASTERPIECE

~the world's supreme novel of the frozen North, where strong men moil for gold and might dictates the laws!!!

LONDON'S Power and Punch developed to their maximum in

BURNING DAYLIGHT

Translated to the Screen in a mighty production that makes a tremendous book live again in a tremendous picture. With an

ALL STAR CAST including MITCHELL LEWIS

"Burning Daylight," Jack London's Thrilling Wonder Tale of the Far North is the Attraction at the Eastland Theatre Tomorrow and Saturday Featuring Mitchell Lewis, the Screen's Most Virile Star—A Picture of Life and Love in the Great Open Places—Added Attractions: Pathe Review, Follies and Comedy and Orchestra.

"Burning Daylight," Jack London's novel, has been turned into a motion picture and will be produced at the Eastland theatre two days beginning tomorrow.

"Burning Daylight" is the name by which Elmo Lincoln is known in the Yukon, where, as a prospector, he discovers a gold field that makes him a millionaire.

The early scenes of the gold stampede in the little Arctic village, with the desperate crowds of adventurers making their headquarters in the hotel dance hall—the center of primitive passions controlled by the selfish laws of men who are always—and the later scenes of the Stock Exchange stampede in the heart of New York's financial district—the center of the civilized fight for power that goes on as desperately within the bounds of written law—these form a background for a screen drama that ought to be extremely effective.

"Burning Daylight," will be played by an all-star cast that includes Mitchell Lewis, Helen Ferguson, Louis Morrison, William V. Moon, Edward J. Bon, Gertrude Astor, Alfred Allen, Arthur Edwin Carey, Newell Hall, Robert Bolder and Aron Edwards.

Added attractions tomorrow include a Pathe Review, Snub Pollard Comedy and the Eastland orchestra. Regular prices will prevail for this engagement. No doubt crowds will throng the theatre both nights, therefore we advise an early attendance.

Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulituffed coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and like bright, lustrous, fluffy and easy to manage.

You can get Mulituffed coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

For Tonight Only the Eastland Theatre Offers the Thrilling Jewel Super-Production "Under Crimson Skies." With the Mighty Elmo Lincoln Star of "Tarzan of the Apes." A Thrilling Romance of Love and Adventure on the High Seas. A Red-Headed Picture for Red-Headed Men and Women. See It.

At the Eastland Theatre tonight, become master of a colony of wild beach-combers and conquer them by the might of brain and fist and then—save the one woman from a terrible fate in the midst of red revolution. Starring with the terrific storm at sea and ending up with the best stand of the beach-combers, "Under Crimson Skies" is one of those huge outdoor dramas for which the screen was made. Wondrous settings in a tropic climate—the glorious sweep of the sea—the lure of lawless lives and lawless loves and the struggle of a man to beat down his enemies. "Under Crimson Skies" is a picture that has everything. Try and see it. Show starts at 6 o'clock each evening. A comedy and news reel are added features.

KATHLEEN MAUGOURNEEN-WILLIAM FOX PRODUCTION
Tonight, Theda Bara, Fox Star in a Big Special Attraction at the Lincoln Theatre.

New honors for Theda Bara: The lady as the heroine in "Kathleen" last known of all screen vampires now has proved herself to be mistress of a special production which will be art-house as well as tantalizing. Theda Bara can milk a cow, tea and she does it very gracefully and charmingly.

Charles J. Brabin, director of "Kathleen Maugourneen" and also its author

through the inspiration of the famous poem of the same name by Julia Crawford, the Irish poetess, was rather dubious when the property man told him that a cow had been secured for some of the peasant life scenes.

"If we have a cow, Miss Bara really ought to milk the animal," Brabin said slowly, "and I doubt if she can do that."

"Faith and you're wrong, me laddie," said Miss Bara gaily getting into the spirit of the thing. In a few minutes she demonstrated that she had not forgotten the accomplishment of her childhood and in a jiffy the sound of milk striking the tin pail was lost in the noise of the cameramen setting up his tripod.

Speedy Pan Handles Here Sunday

PENNY ANTE

The Man Who Intends To Make His Own

With determination written all over their sun tanned faces, the strong Pan Handle team will be down Sunday, to try and wipe up all the gold at Millbrook park in their third clash with Gabe's All Stars at Millbrook Park.

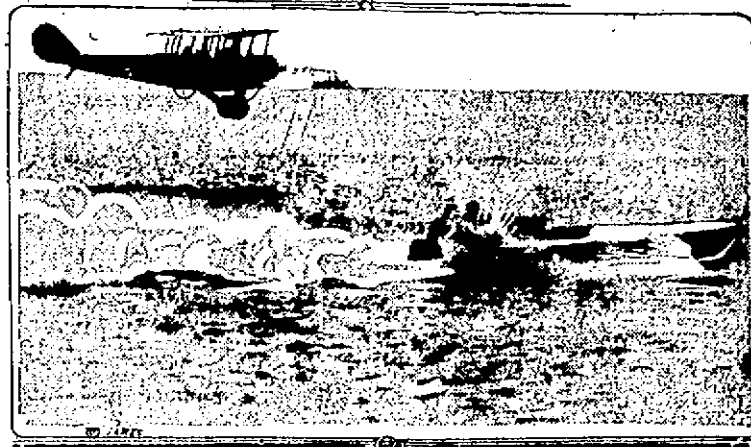

Where They Play Today

The Eastern teams open in the West as follows today:
Brooklyn in Cincinnati.
New York at Chicago.
Philadelphia at Pittsburgh.
Boston at St. Louis.

New Pen Wiper.

An Englishman has invented a pen wiper consisting of a glass cup filled with a sponge saturated with glycerine, which has a preservative effect on pens.

MOTORBOAT BEATS AIRPLANE IN THRILLING RACE

The race at one of its most exciting stages.

Miss Toronto II, a Canadian motorboat that has developed phenomenal speed, recently traveled over seventy miles an hour in a thrilling race with an airplane. The photo, taken near the finish of the race, shows the motorboat ahead and tearing along at a terrific speed.

EXPRESS TEAM TAKES LEAD

W. L. Peck, pitcher of the Express team, was the star of the game, holding the Express team to a scoreless inning. The Express team, which was the favorite to win, took the lead in the first inning, and maintained it throughout the game.

His pitching was a feature of the contest. He not only pitched splendidly but was the hitting kid besides as his three safe shots were a big factor in the Express team's success.

MAYS BASEBALL DAYS ENDED; IS ULTIMATUM

NEW YORK, Aug. 19.—The baseball days of Carl Mays, Yankee pitcher, who threw the ball which killed Ray Chapman, of the Cleveland Indians, are over, in the opinion of baseball sharps. Interviews obtained with leading major league ball players and umpires made this clear today. Players held together by sympathy for the dead Cleveland shortstop are discussing a walkout.

Mays has too little control of the ball to be permitted to remain in his league baseball. Veterans fans and baseball experts declared that Mays is the target for so much attack because of his unpopularity as a ball player. Any other pitcher would have received only sympathy from everyone. Last year when Mays was a member of the Boston Red Sox, feeling between him and the fans became so strained that Mays threw a baseball into the grandstand and walked off the field refusing to pitch for the Red Sox any more. This episode precipitated a controversy which lasted an entire year.

Man O' War May Show At Latonia In Fall

CINCINNATI, Aug. 18.—Man o' War, the horse of the century, and Sir Barton, considered the former's only rival, are to meet in a match race at the Latonia fall meeting for a \$25,000 stake, if they care.

The Kentucky Jockey Club, has offered that sum for a race between Man o' War and Sir Barton to be run at the Latonia fall meeting.

The owners of the two great colts will be permitted to choose the distance of the race. Match races are prohibited, but the two can meet in a sweepstakes in which other horses would be permitted to engage.

And Mr. Weaver Ambled Down To First

CHICAGO, Aug. 18.—In the hard battle now on in the big leagues for the pennant there are frequent little sidelights on the tenaciousness of the struggle which do not catch the eye of the spectator.

One such instance occurred recently in a game between the Chicago White Sox, which are fighting to retain their league leadership and the Philadelphia Athletics.

There was one man out, Leibold was on third base and Weaver was at bat. With Naylor on the mound. The pitcher cut loose with a wild pitch which bent down and smashed Weaver on the foot. It crossed off to the stand and Leibold carried the plate. Weaver fell in a heap, suffering great pain, but he looked up he sensed that Umpire Connolly who was officiating, was in doubt as to whether the ball had hit Weaver or the ground before it bounded.

Team Had Fine Trip; Won 13, Lost 8

The long trip is over and the Reds are again in first place in the National league race, two points ahead of Brooklyn. On the trip which took them to five cities, the Reds won 13

games and lost eight for a percentage of .619. That was far better than they did at home and points to good things for the future.

On their tour the Reds took three games at Brooklyn, one at New York, three at Philadelphia, four at Boston and two at Chicago. The team suffered one defeat at Brooklyn, three at New York, one at Philadelphia, one at Boston and three at Chicago.

Red Leaders Planning For Next Season

CINCINNATI, Aug. 18.—Plans for next season's campaign of the Reds and for building up the team are already under way and will be discussed at a meeting which probably will be held today. President Herrmann will call Manager Moran and the Red scouts

together and will decide upon the players who will be secured for trial in the concluding weeks of the present season.

"Several men have been closely watched by Gene McCann and Boyd Chambers, our scouts," said Herrmann, "and they want to hear from Moran on the question of the team's wants. We are making every effort to secure as many real hitters as possible, and we are willing to give any number of them a trial in the hope of finding one or two out of the lot, who show big league possibilities."

U. S. Athletes Are Assured Victory

ANTWERP, Aug. 18.—Despite the unexpected victories of European athletes yesterday in the shot putting event and broad jump events of the seventh Olympiad the American team went into the fifth day of competition at the Olympic stadium today with such a lead that it seems they were assured of victory, unless some disaster overcomes the entire team.

With eleven events finished and only fourteen, including the decathlon, the modern pentathlon and marathon, remaining to be run, the Americans have amassed a total up to date of 101 out of a possible 242 points. The rest of the points are so widely distributed that even if the Americans make only a fair showing in the remaining events they appear to have a great advantage over all opponents.

There were only two final events scheduled for today, these being the hammer throw and the 1,500 meter race. Americans have qualified in these and have excellent chances of adding a number of points to the team's total. The day's program also included elimination heats in the 400 metre race, the pole vault, the 100/200 metre race, the 200 metre dash and the hop, step and jump.

Bush May Join Cleveland

BOSTON, Mass., Aug. 19.—Shortstop Bush, of the Detroit team, announced that he was prepared to volunteer his services to the Cleveland club for the rest of the season, if sanction of the league officials could be obtained. Sentiment among his fellow players indicated that no opposition to such an arrangement was probable from members of his own club.

The extraordinary durability of the ancient Egyptian mummy cloth is believed to be due to the fact that it is treated with a vegetable glue derived from the African locust-bean tree.

Races On In Philadelphia

PHILADELPHIA, Pa., Aug. 19.—In order to catch up to the schedule, interfered with by rain on Monday, the management of the Grand Circuit race meeting at Belmont track again gave the events today.

Mack Picks Cleveland

Another dash race at one mile and 100 yards was a feature, a \$500 purse for 2-14 pacers being offered.

BALL FAME COMES TO SOME OVERNIGHT; OTHERS HAVE TO FIGHT WAY TO STARDOM

Doc Johnson (left), Tim Hendryx (upper right), and Bobbie Meusel.

Some of the men who are "hogging the limelight" in the big leagues today sprang into fame overnight. Others have battled years for the recognition they are now getting. For instance, Bobbie Meusel, the fastest hitter on the Yankee team next to Babe Ruth, was unknown except as the brother of the Philly veteran until he joined the Yankees this spring. Tim Hendryx, starting at bat for the Red Sox, has lost track of the number of times he has been up in the majors only to fail and be sent back. Doc Johnson has been called half a dozen times. He is an important cog now in the Indian machine, and one of the best first basemen in the league.

New Home For Cards

Plans have been definitely settled upon whereby the Cards will build a new home for 1921. It will be second in capacity to the Polo Grounds and the Braves' Field.

Double Header Sunday

Two colored teams, the Greenup Giants and the Burkes of this city, will hook up in a battle for supremacy on the diamond at Millbrook Park next Sunday as the added attraction to the big event of the day when the celebrated Pan Handles of Columbus will try conclusions with Gabe's All Stars in the fourth game of a five game series between the two crack teams.

Manager Joe Brennan and his pupils have the "bug" on the Capital City crew, having already put two winners over and suffered one defeat and the local gang will be out there scrapping in an effort to annex the battle and settle the controversy as to which is the better team. The Pan Handles no doubt will present its strongest front and make a mighty effort to put over a win and keep in the fight. This promises to be one of the most exciting and interesting combats of the season and with fair weather a big crowd will no doubt turn out to witness the bargain bill.

The curtain raiser will start at 12:30 (new time) which will enable the colored lads plenty of time to finish their argument before the big exhibition which will commence at three bells.

Herrmann Scouts Ruether Trade Story

CINCINNATI, Aug. 19.—"We would not trade Ruether for any three men on the Philadelphia club," said August Herrmann, president of the Reds, Thursday. "The last story I heard about a trade was that Ruether and Crane would go to Philadelphia in exchange for Meadows, Lehoucq and Cy Williams," he continued. "Let me assure the person who started the story that the club wouldn't trade Ruether alone for all three men, much less include Crane. We are not considering any trades."

ELGIN RACE SATURDAY

ELGIN, Ill., Aug. 18.—The eighth regular of the Elgin Road Race will be held here Aug. 21 under the auspices of the Elgin Motor Club. The race is 250 miles.

For several weeks graders, oil spreaders and rollers have been going over the right and one-half mile course getting it in shape. It will be turned over to the drivers Thursday and Friday before the race, when the elimination trials under the supervision of race officials will be held.

MISKE IS IN TRAINING

ST. PAUL, Aug. 18.—Billy Miske, the St. Paul heavyweight, who meets Jack Dempsey at Benton Harbor, Mich., on Saturday, is working out daily with the most aggressive opposition he can obtain. His sparring partners have included such men as Walker Lodge, a former champion, and Mike McManis, a local fighter.

BIG SERIES IS ON

The prolonged struggle for pennant first place in the National league race today, when the Reds and the Brooklyn Dodgers, just now the clear runners-up in the race, put the lid of a four-game series.

The Successful Man.

The complaining, fault-finding habit depresses the mental faculties and tends to lower efficiency. It is the man who starts at his work, the one who is building over with pleasure, with a sense of pleasing vitality that is the normal, healthful, successful man.—Orison Scott Marden in Col ego Daily News.

BILLY WHISKERS

By FRANCES TREGO MONTGOMERY

The man Billy was chasing headed straight up the middle aisle for the door, but looking over his shoulder, he found that Billy would overtake him before he got there, so he sprang over another counter, upsetting a pair of scales and some tall, open jars of blue sugar. Billy was still right after him, but this time the man fooled him by jumping back over the counter. Billy followed up that aisle to the end, where he turned into the crowd, just as the fat man went out on the street. Here he upset two ladies and a policeman who were just coming in, and then took after the man who looked like Hans Zug. He was flying down the street as fast as he could go. After Billy came the manager of the store and two of his clerks, and all of the boys that had congregated on the sidewalk.

Pell-mell they went, a howling, rattling mob, with the fat man and Billy in the lead. The man by this time was puffing like a steam engine and the sweat was pouring from his face in streams. His collar was wilted like a dishrag. He had lost his hat and one of his cuffs and he could hardly get his breath.

Followers, by this time, were coming running from every direction and one of them, who turned out a side street just then, thinking the fat man must be a thief, got right in his rear and opened up his arms. The fat man, who had scarcely any strength left, fell right against the policeman who was also a very heavy fellow, and just at that time Billy overtook them and gave the man he was chasing all that was coming to Hans Zug. Down

which was blazing with lights, ran down some cellar steps, opened the door, went in, closed it after him, turned on a light and set Billy down.

(Who rescued Billy? We will tell you tomorrow.)

Stray Thoughts
 Furlough an' forgetful!
 They're the hardest jobs of all.
 The tollin' an' the frettin'
 As you answer Duty's call.
 An' your courage all secure,
 As you worry an' you tussle
 Showin' what you kin endure.

But whether you're a winner
 Or a loser in the fray,
 Whether you're a common slacker
 Or a saint in white array,
 You will find in use in pettin'
 Your reasonin', great or small
 Fur furligh' an' forgettin'!
 Is the biggest thing of all.

The Soul of the Works
 Jack, owned a German-made watch. Recently it refused to run, so Jack took it to the jeweler. He made a post-mortem examination, and when Jack called for the watch, the jeweler handed to him, with a piece of crepe tied to it, "No hope," was the mournful verdict of the jeweler.

"What's the matter?" asked Jack.

"Found a cockroach inside."

"That's what plugged up the works, eh?"

"No," replied the jeweler. "The cockroach had been keeping the thing going, but he died at his post."—London Telegraph.

A Classification of Professors
 1. The Lead Pipe Class—Very popular, never thinks anyone. Sometimes teaches something.

2. The Holy Terror—Thinks fifty percent is contained in damnation daily; students study for his examination and forget him and his subject as soon as possible.

3. The Pseudo-wit—Enlightens his lectures by recitations of ancient jokes. All the students know them by

The DIARY OF AN ENGAGED GIRL

We are now settled at the Great Central hotel, near Baker street, London, and not far from Madame Tussaud's palace. This hotel is huge and to me very old-fashioned. It is comfortable, however, and the rooms are large and airy. One is certainly well served upon here. Why, I have not seen so many servants in years, and good ones, too. They dance about one perpetually, and have such nice voices.

True to type, the very first thing we did yesterday morning was to dash down to the American Express and see if there were any letters. There were several, and two cables for me from Jack, now safely out in Los Angeles, and one for units. That done, we gazed at the register, and discovered that Marjorie Hammond is in town, several familiar faces from the west, and Phil Moeller. His play, Madame Sarah, is running here, though it is a failure, and due to come off in a day or two.

After leaving the Express we wandered about Trafalgar Square, admiring everything, and peering into shop windows to our hearts' content. Then we made our way up to Piccadilly, and went into Swan and Edgar's, a big shop there, and looked the stock over. They certainly do not know how to

heart and everybody laughs. In the right place.

4. The Sporty Type—Wears a checkered shirt, asks the baseball score, calls the funny tales "my dear."

5. The Daily Bore—Reads from the text book; a sure cure for insomnia.

6. The Foreign Accent—Keeps the students so busy guessing at the words they don't get the sentences or the sense.

A Complimentary Tip
 "Do you know what sort of a game that gentleman plays?" said a very different gaffer to his caddie, indicating a new member of the club.

"Oh, yes, sir," replied the caddie. "I've carried for him—absolutely rotten."

"Sounds about my form," said the flogger, with general self-content. "I must ask him to give me a game."

"Don't you take him on level," squeaked the blundering lad. "He could give you a stroke an' a ole easy!"—London Tit-Bits.

A Timely Soliloquy
 To vacate, or not to vacate: That's the question. Whether it be better to ramble over the mountain, golf, parade the ocean strand, to ply the moonlit lake, to brave the angry deep, or wander through the sodden streets of Hometown and wish devoutly to be dead. To go? To stay? To go and fade out by myrthals the hard-earned shekels that the prospector insatiable dash crave in numbers that belittle rolls of horseshoe size; or stay at home with empty theft, awaiting pecks long since lost; to go to the go of tight-rope? To go to stay? To go and sleep in cubby-holes, the pillows stuffed with huck (with a princely fee therefor), and trot by signal bell to dining room where James dole rule so laughingly; or stay at home, and lie me down in ease, and dine in vestments brief and odd? To go and swelter in a rig convention both demand, or stay and laugh at fools who rush off all tagged up? Ye Gods! It seems the times are strange; my brain's awash with questioning. Had I one summer more like this to face with feeble aim, I faint would end all now; is summer thus to rob me of my purse, or lacking this, to faint me with the choice I make? Is this the lead and the end-all of my youth career? Alas! I know 'tis not. My mind is made—for human-kind, I feel the press of other human minds, who interview their thoughts with mine and subtly urge me on. I'll go. I'll go away—and come back almost broke.

REDS CAPTURE AMERICAN DELOUSING APPARATUS IN POLAND

American deousing machine in Poland.

In the hands of the American typhus expedition this apparatus has cleaned thousands of Poles and thus helped to check the spread of typhus plague. Now much of the apparatus has been captured by the Bolsheviks, and Col. Gilchrist, who is in command of the American typhus expedition in Poland, asserts that disease will destroy a large part of the population.

GEN. G. F. MILNE

Perhaps the most important accomplishment in Gen. G. F. Milne's fighting career was his occupation of Constantinople early in this year. The French were not altogether pleased, but they acknowledged that General Milne had taken over the "local command" in Constantinople. Which was to say that the British were in full control of the gateway to the Orient.

General Milne, now fifty-four years old, entered the army when he was nineteen, and he has been fighting pretty much ever since, although ten years passed before he reached the rank of captain. He saw hard service in the Sudan, in South Africa, and particularly throughout the European war.

As proof of his bravery and military skill, General Milne can, if he so pleases, adorn his breast with orders given to him by most of the allies. Of them all he is proudest of the Croix de Guerre with palm leaves and the Greek Military Cross with laurels. He and the Greek commanders have been mutually helpful against the Turks.

RUSSIAN SOVIET TROOPS FLEE BEFORE POLE ARMIES

POLES GAIN ON ALL BUT ONE FRONT

WARSAW, August 18.—(By the Associated Press)—Soviet prisoners are pouring into Warsaw in such numbers that it is becoming a problem how to care for them.

WARSAW, August 18.—(11 p. m.)—(By the Associated Press)—Russian forces are fleeing in a disorderly panic along the front between the Vistula and Bug rivers, where the Poles are advancing with success, says an official statement issued here tonight.

In their counter attack to relieve Bolshevik pressure upon Warsaw, the Poles are using tanks, airplanes and armored trains in great numbers.

At Novo Minsk, east of here, and at Zaslav, to the northeast, 3,000 prisoners, seven cannon, hundreds of wagons and vast quantities of supplies have been captured from the Bolsheviks, the statement declares.

The Bolshevik retreat north and east of Warsaw, where the Soviet forces were closely driven by the Poles, took the semblance of a rout at some places, the communiqué reports. On the extreme left of the Polish line, however, and in the region of Lemberg, Soviet advances are reported.

Northwest of Warsaw the Russian troops, who met resistance at Wloclawek, where they had designed to cross the Vistula, bombarded Wloclawek for hours, the shells damaging the cathedral and the bishop's palace.

WARSAW, August 18.—(By the Associated Press)—Polish successes on all fronts, with the exception of the southern battle sector where the Russian Soviet forces are advancing in the direction of Lemberg, are reported in the official statement on fighting operations issued tonight.

LONDON, August 19.—Florence Nightingale is continuing in the region of Warsaw and Novo Georgievsk, the strong fortress about 10 miles northwest of

Warsaw, at the confluence of the Vistula and Bug rivers according to Wednesday's official statement issued today by the Soviet government at Moscow.

In the Crimean sector engagements are going on with indecisive results, the statement says.

Vote Against Eliminating Burley Crop

LEXINGTON, KY., August 18.—Twenty-five growers from Ohio, Indiana and Kentucky at a meeting here yesterday voted down a proposal to eliminate the 1921 crop but decided to organize a "Burley Tobacco Growers' Association" for the purpose of "protecting and promoting the interest of the industry."

Thirty-nine counties were represented at the meeting.

Way To Peace In Ireland By No Means Closed

LONDON, August 19.—Irishmen on moderate views concerning the problem of dominion home rule will assemble at Dublin from all parts of Ireland next Tuesday for a conference. This meeting, says a Dublin dispatch to the Daily Mail, has "been endowed with considerable importance by the change in policy in Downing street."

"Although the premier's statement in the house of commons last Monday puzzled Irish politicians," the dispatch says, "it is wrong to take a pessimistic view of the situation, as the way to peace is by no means closed."

Indians And Lumbermen Promised Relief By Harding

MADISON, O., Aug. 19.—Policies to make the million self-reliant in material as well as governmental affairs were advocated by Senator Harding today in two short speeches yesterday.

The Republican nominee spoke first to a group of American Indians, who brought to him a plea for extension of their racial rights. He replied that the United States might do well to bestow "democracy and humanity and idealism" on the continent's native race rather than to "waste American lives

trying to make sure of that bestial thousands of miles across the sea."

The second address was delivered to the local lumbermen's association, and was a plea for forest conservation policy that would insure a timber supply to meet domestic needs and thus raise the standard of American housing conditions. The government, he said, should turn its attention to cultivation of forest crops just as it has concerned itself in the past with the growing of food.

Nominees Pleased With Suffrage Ratification

COLUMBUS, O., Aug. 18.—Governor Cox and his aides joined today in lauding Tennessee's ratification of the woman suffrage amendment. That the enfranchisement would help the Democrats presidential, and also local tickets, was predicted universally by the governor's advisers, who said that they believed a great majority of the women stand with Governor Cox, on the League of Nations issue.

Governor Cox, upon receipt of the news from Tennessee, issued a formal statement declaring that "the mothers of America would stay the hand of war" and also that the ratification was a promise of Democratic platform pledges.

MADISON, O., Aug. 19.—Word that the Tennessee legislature had concluded ratification on the woman suffrage amendment was received by the nominee with expressions of satisfaction, and he immediately issued a statement declaring his gratification that women would be given the ballot in the November election.

"Suffrage Harding said."

"All along I have 'waited' for the completion of ratification, and have all the citizenship of the United States take part in the presidential election. The Republican party will welcome the response of American womanhood to its appeal to the confidence of our people."

OPENING STOCKS NEW VOTE ON SUFFRAGE IN TENNESSEE IS EXPECTED

NEW YORK, Aug. 19.—Overnight rallies dealing with the foreign situation prompted extensive covering of short contracts at the opening of today's stock market. High grade oils, which featured the rally in yesterday's final dealings were particularly strong with the Independent stocks, equipments and motor issues. Shipings moved irregularly a sharp recovery in Atlantic Gulf being neutralized by the heaviness of Marine preferred and American International.

RAIDERS SHOOT MAN
ARKON—J. J. Shearer, was shot and killed and two others wounded when bandit attempted to "hold up" store.

NASHVILLE, Tenn., Aug. 19.—One vote east in the Tennessee house in favor of ratifying the federal suffrage amendment today stood in the way of ratification to the secretary of state that Tennessee, as the necessary thirty-sixth state, had completed ratification of the amendment in time for women of the country to vote at the November elections.

After voting against ratification yesterday, Speaker Walker changed his vote from nay to aye for the purpose, line, were planning today to move reconsideration of the vote either today or tomorrow. Two days are allowed in which to attempt reconsideration.

The house vote on the ratification resolution was 19 to 17 but was changed, 20 to 16, when Speaker Walker switched his vote to aye. The senate Friday adopted the resolution by a vote of 23 to 1.

Suffragists Confident
Suffragists, confident of their ability to hold their ground in the house in line with their plan today to move reconsideration of yesterday's vote at a time when their entire strength is on the floor. They figured that they could thus dispose of the reconsideration possibility and then would not be in danger of having a vote, called by the anti-suffrage forces, when several suffrage supporters were absent from the chamber. A motion to reconsider may be carried by a majority of members present.

Will Fight In Court
Opponents of ratification declared today that if efforts to secure a reconsideration of the house vote fails, they would be taken to have the courts declare the ratification of the suffrage amendment by the Tennessee legislature unconstitutional.

Three amendments to the constitution are submitted to the legislature after its members have elected after the amendment has been submitted to the state for

FRANCE IN ACCORD WITH U. S. ON RUSSIAN VIEWS

WHEN MARIENWERDER DECIDED ITS NATIONALITY

There was a holiday in Marienwerder when that city on the Polish-German frontier voted to determine whether it would be a part of Germany or of Poland.

Many of the voters came from a distance to cast their ballots. This right was granted them because they were natives of Marienwerder, and had left the city in many instances because they were of Polish blood and did not wish to be under German rule. The result of the plebiscite has not yet been announced.

WASHINGTON, Aug. 19.—Informed of the French government's views on the Russo-Polish situation, the state department today was awaiting a formal reply from Italy to the note recently sent to the Italian ambassador regarding the future of Russia and Poland. The French rejoinder, which was made public yesterday, shows Secretary Colby declared that France is "in entire agreement with the principles set forth in the American note."

An informal reply to the note already has been received from the Italian government, Secretary Colby announced, with the promise that a complete and formal reply would be made soon.

Secretary Colby said the declaration of France "of its opposition to the dismemberment of Russia" was "most gratifying."

The French note condemned the Bolshevik interference with the Polish-German frontier, and did not wish to be under German rule. The result of the plebiscite has not yet been announced.

Cox, Harding To Speak At Ohio State Fair

COLUMBUS, O., Aug. 19.—Governor Cox today accepted an invitation to speak here August 31, on presidential day at the Ohio state fair, and it was announced that Senator Harding also had given an acceptance.

BANDITS HOLD UP A MAIL TRAIN

ST. LOUIS, Mo., Aug. 19.—Police and post office inspectors today were searching for a clue to the whereabouts of two law-abiding citizens who last night held up a Missouri Pacific mail train No. 2 within the city limits and escaped with four pouches said to have contained remitted mail. The train was bound for Little Rock, Ark., and often carries large shipments for banks in the southwest.

The last captured in the robbery, postal inspectors said, said he knew about a check up to \$100,000.

The mail pouches were thrown out and the bandits escaped after them.

U. S. NAVAL GUN EXPERT RESIGNS

SAN DIEGO, CALIF., August 19.—Captain Leitch C. Palmer, U. S. N., chief of the bureau of investigation during the world war, resigned his resignation which has been accepted by Secretary Daniels, it became known here today. Captain Palmer is known as one of the gunnery authorities of the navy. His resignation came after eighteen years of service. No reason for this action was announced.

TORSO OF WOMAN'S BODY FOUND IN THE RIVER

NEW YORK, August 19.—Further efforts were made today to determine by means of an autopsy, how death came to the unidentified woman whose torso was found floating in the Hudson river near Communipaw, N. J., Tuesday night.

Medical Examiner Arthur Haskins, of Jersey City, in charge of the autopsy, despaired, however, of identifying the victim, since the head, arms and legs had been cut off.

The police dragged the river in the vicinity of where the torso was found in an effort to locate other parts of the body, but without success.

Rescues Score Of Persons From Flames

SAN FRANCISCO, August 19.—Captain E. T. Courtney, of the San Francisco fire department, rescued a score of persons, including his wife, from an eight story frame apartment building here, which fire damaged to the estimated extent of \$100,000 before it was brought under control, early today.

THEATRE OWNERS PROTEST TO COUNCIL ABOUT LICENSE FEE; SEWER CONTROVERSY UNSETTLED

Council passed considerable legislation at its meeting Wednesday night and considered much other business which came up for action at the rather lengthy session.

The inadequacy of the street sewer, the work on which has been halted by reason of a recent finding of the State Health department, was the big problem with which council wrestled. The use of the sewer for sanitary purposes has been forbidden, and this has created a serious situation in that vicinity and a storm of protests from citizens living near the sewer and the street, where the sewer now terminates, on account of the objectionable discharge from the sewer.

Mayor Frank Apple, of the public schools, urged council to take some action to take care of the sewer from the Garfield school building in order to prevent a threat of the opening of that school next month.

Favor Extending The Big Sewer

Service Director Gergens suggested that the sewer be extended to the railroad undercrossing, saying that he had secured the consent of a land owner to cross his premises, which will permit the construction of the sewer without touching N. & W. property.

Member Bennett demanded to know who was the "daddy" of the sewer, and objected to spending any more money on the project, declaring that the advice of the state health authorities should be followed. After quite a discussion, during which it was pointed out that the improvement was started by the preceding administration and that the appropriation was made on the representations of Sam G. Harper, then city engineer, that the approval of the state health department to the plans would be secured before the actual work started, led to the matter being referred to the street committee, service director and engineer for a recommendation.

Theatre Owners Enter Protest

Fred N. Tynes, acting as spokesman for a committee from the picture theatre owners, of the city, protested against the ordinance recently passed providing for big increases in license fees for motion picture theatres. He declared that the new schedule of fees established is excessive and not in keeping with the schedules in cities of similar size and that they were entitled to an equitable amount more equitable than the new schedule. In explanation, Solicitor Skelton stated that the ordinance passed here carried with it the same schedule of fees as charged by Cincinnati, and the ordinance was referred back to the Ordinance Committee for reconsideration.

As it is considered impossible to make permanent improvements to the streets in the North Mainland addition, and other territory annexed above New Boston, this year, by reason of the time that would be lost in making the preliminary steps, council ordered the engineer to bring in estimates on the cost of temporary improvements of thoroughfares in that district, so as to take care of the traffic during the winter.

On the recommendation of the engineer, legislation was ordered providing for an appropriation of \$200 to have the cost of clearing the channel of Lawson's Run of all obstructions, in an effort to give the citizens living along this water course some relief from the bad sanitary conditions surrounding it.

Mr. Bennett Has A Kick On Plan

Although assurances were given that the electrical inspector and motor cop would pay their own salaries by increased revenues when their positions were created, Member Bennett declared that the motor cop had not made an arrest since he was put on the city pay roll, and that the electrical inspector was planning to engage in a private business. He advocated abolishing both positions, and his "kick" was referred to the Safety Director for a report.

After some discussion it was decided that the estimate of \$12,000 for improving the lower river grade was a little too steep and it was referred back to the engineer for a new estimate and with instructions to consult with government engineers who are working on plans for the improvement of river grades at many points. It was stated that the estimate of \$12,000 for the cost of improving the upper river grade was decided on for the other river grade work.

Legislation was ordered to provide funds to lay water mains in the alley at a cost of \$8000 and \$10,000 to provide motor vehicles for the police department, one new Ford motor car and the present police auto to be rebuilt.

Wants Light In Clock To Burn

Member Weghorst called attention to the action of The Portsmouth Street Railway & Light company turning off the lights on the clock of St. Mary's church, and inquired if the city could pay for the current, which, he said, would amount to about \$100 a year. While the time-piece is recognized as a public clock, yet it is not owned by the city, and according to a recent ruling of a state examiner, Solicitor Skelton advised, the city can not pay for the lights, which have been furnished for many years gratis in connection with the city's lighting contract.

Bond Issue Is Authorized

A bond issue of \$9,000 was authorized to provide funds to buy a nurse's home, the ordinance increasing the interest from 5-12 to 6 per cent by reason that no bidder was found for the bonds at the lower rate.

Two resolutions were adopted authorizing the issuance of certificates of indebtedness for \$12,000 for the water works extension fund and \$500 for the safety fund and another providing for the parking of Cole Alley.

Other legislation passed included ordinances appropriating money to settle the claims of Charles Brasse and others, aggregating \$5800 for damages sustained when Brasse's automobile collided with a fire truck at Ninth and Washington streets on Nov. 10, 1919, and \$500 to defray travel expenses in the trial of the McGowan law suit. The \$1,500 allowed to cover the expense of taking depositions in the case was turned back into the city treasury as it was not used.

At the instance of Member Osborn, the solicitor was instructed to investigate whether a fund can be legally provided from which city employees can be supplied with street car fare. He declared it would result in money saved to the city.

Weghorst's colleagues promised to contribute to a popular subscription to raise funds to keep the lights burning and the First Ward member indicated that he expects to circulate such a petition at once.

Warren Canter, hostler at the Interstate hotel, was found guilty of a charge of assault and battery upon Mrs. Mary Zornes, 131 Fifth street, at his hearing in municipal court Wednesday and Judge Small taxed him the costs.

The evidence adduced at the hearing showed that Canter struck the woman and used her roughly because she resisted his efforts to put her out of the bath and prevent her from getting a bucket of water. The trouble occurred on August 6. After hearing the evidence the court held that they were equally guilty of bringing on the conflict, but disapproved of Canter's conduct in striking the woman.

Canter Is Fined For Hitting Mrs. Mary Zornes

Warren Canter, hostler at the Interstate hotel, was found guilty of a charge of assault and battery upon Mrs. Mary Zornes, 131 Fifth street, at his hearing in municipal court Wednesday and Judge Small taxed him the costs.

The evidence adduced at the hearing showed that Canter struck the woman and used her roughly because she resisted his efforts to put her out of the bath and prevent her from getting a bucket of water. The trouble occurred on August 6. After hearing the evidence the court held that they were equally guilty of bringing on the conflict, but disapproved of Canter's conduct in striking the woman.

Court To Call In Witnesses

Mrs. Maggie Thompson of Plum street, appeared in Municipal court Wednesday and pleaded not guilty to a charge of assault and battery upon Mrs. Laura M. Musser, 2320 Ninth street, who filed the complaint.

The accused was released on her own recognizance until both sides can bring their witnesses into court.

Guilty Of Assault; Fined

Albert Barklow, steelworker, 1820 Grandview avenue, was convicted in Municipal court Wednesday on a charge of assault and battery upon his wife, Mary Barklow, and Judge Small assessed a fine of \$10 and costs against him.

The evidence disclosed that Barklow and his son, John Barklow, became involved in a quarrel at the supper table last Saturday, which led to blows. Mrs. Barklow took a hard in the proceedings and sought in separate them, and it was then that the husband turned on her and hit her several blows, he admitted, but claimed that he did not hurt her.

PUMPER ACCEPTED

According to Safety Director Strauss, the new La France pumper for Engine House No. 2, on Galia street, was accepted today.

All the tests were up to the standard, Mr. Strauss said Thursday. Pumper No. 1 is located at the Seventh street department.

Miss Dorothy Gish

While many motion picture stars are vacationing in the mountains in the country or at California beaches, Miss Dorothy Gish, the famous Gish star, has decided to be different and she is fitting off to Europe. This photograph was taken of Miss Gish on board the "Empress" just before she sailed for England. She will meet her sister, Miss Lilian, on the other side. Lilian has been abroad for some time. Dorothy looks as if she were just ready to throw the United States a last good-bye kiss.
